Recap :

Null Separated Inc Party

We continue and watch Resarrection Janeshi Try an The ongoll.

Null is apart of The Thauma Forge. Mechanicus used to work under Null, Thauma Forge killed old Emperor and caused Sad fall.

Rupac is attaching ongoll parts to a body, Bit mismatchy

Janeshi use undead for labor not war.

Myrtle and Oziva taking detailed notes.

We're Hooked in The Paths Lorath game a thing and mean sickle for it.

Oziva copies Specs,

Each Group Has a Sending Stone.

As we Rest The mad Resonates focuses on it (Not 20)

Brings memories of my creation and How Things in wallets, Dock kind of like me, it connects to a Post Self maybe

Sitting mirrored from is a dreamer automaton with The mad missing bits of itself.

Seems To be The construct Base inside me.

it mirrors The movements

I ask what it needs and it stops mirroring

Must Build myself.

If we are empty" we must fill The Hollow.

It conveys That The Build does not come from out side materials

need to Build war wons under standing

Long Rest

We Head Back To Rupac To Watch Ritual.

The Ritual Happens it Smooths out and fills out To Her vision Has Some More Intelligence

Lorath Sees Ghoulson That's following Oziva That He was Tapping a Thing

Rupac Begins Testing it's Responses

Oziva Thanks Rupac

We Head To find Simon

He's Been Busy and There's many Janeshi Soldiers Testing Things and Saints,

There's traditional weapons too.

Seems Simon is arming them.

Simon wants to head To The Quarts palace

in The Rock teeth Mountains By Stein wold,

Simon says we may find him in Stein wald.

Says limited air capacity

Gives extra Battery, each 16 Hour Rest made To Recharge.

Customize The fuck out of The vehicle.

Oziva identifies Ghoulson finds out it's a very ancient Curse Not Rotted and is unique and worse and changing

Long Rest
