Rerolls: 7
+1 Brenton Bought Jones

Nothing abnormal Happened overnight

Lorath Rituals find familiar

Mall shows up and takes Myrtre, Gives us a key But Myrtre gives me the Lux Channel.

I recognize the one in Red. 4 carried me and moved me from a dark to slightly less dark area.

Guy saying once Ostoya Takes mountain we'll get a kick Back like adamantine and or magic weapons

Vampire says they want to take over adamant.

Ostoya is darkness and in the vision the shadows saved them from harm.

Tells us to lie to the adamant

Viridus tries to deceive fails, Throws mask in magma, Then starts combact

The vampires Royally murdered us and we somehow came back and won.

Viridis used the key and we healed and spent the night fun leveled up.

We recovered, left and returned to where we left.

Pulled crystal out of magma Hole. Set it off to the side.

Went to outskirts to Check for the stone. The stone was made Here But Perhaps in error:

It crushed a pedestal and was dragged out.

Viridus finds a console which has a Vial with a floating stone in it.

I found a Palette of different liquids and There's a stone in the middle. Makes Brain Tingle on Touch.

Lux channel is Beeping. I fish it out and viridus gets the Blinking to stop. It shows the Past in a vision.

Shows an crushed Pedestal.

The Dreamers in pods were against their will.

Dreamers printed the metal Thing with light.

moved the stone and then a construct cleaned

We follow the stone out. They producing it into ingots

Viridus figures out lux viewer controls.

They make a Saber like Tome Has.

See the city above ground and there's a sky ship.

Tome and Self cut into the stone, Eventually we cause it to Hiss and Bleed, it starts to grow a fungus.

The Blood grows a fungus

Lorath Put on me "What would Myrtre do" Bracelet.
